

1. Features

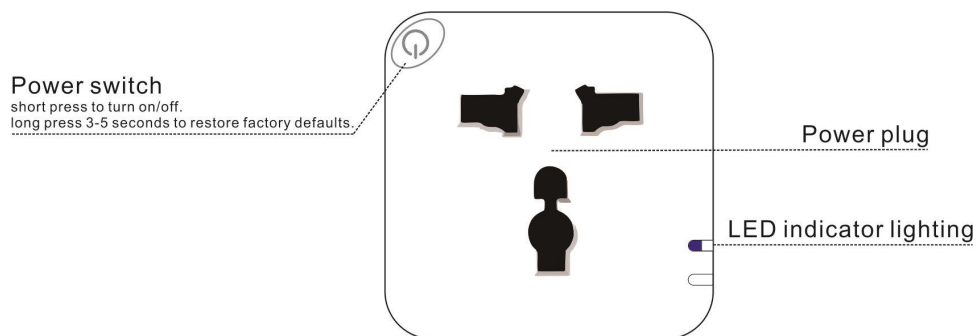

- Support Amazon Echo voice control
- Support Google Home voice control
- Support Homekit
- Support Tmall voice control
- Support remote control switch
- Support 10 timing set
- Timing set memory: Timing set continue to work after network suddenly off for a while
- Timing set memory: Timing set continue to work after power suddenly off for a while

2. Parameters

Input voltage	100~250V
Nominated current	10A
Nominated power	2500W
Working temperature	0℃~40℃
Working frequency	50/60Hz
Support system	Android\iOS
Wireless type	Wi-Fi 2.4GHz
Wireless standard	IEEE 802.11 b/g/n
Product size	52*52*28mm
Weight	net weight: 90g ; rough weight: 110g

3. Product Structure

LED indicator lighting	During network pairing	Slowly blink in blue	Waiting for Wi-Fi
		Fast blink in blue	Pairing Wi-Fi
		Lighting off	Success in Wi-Fi pairing
	When normal working	Constant in blue	Switch is turn on
		Lighting off	Switch is turn off
